

Fiber Connectivity

Fast, Reliable Internet Designed for Business

Ensuring your staff remains connected and productive is too crucial to be an afterthought.

Fiber Connectivity is the Gold Standard

Broadband is well-suited for residential users, but businesses need more. Giving your users, devices and workloads a connection that can keep up is more important than ever. That means ultra-high speeds, maximum security and guaranteed reliability to keep your network running the way it should. No matter what.

Segra Fiber Connectivity Features

- **Dedicated, never-shared access** means you won't have to compete with noisy outside traffic for bandwidth.
- **Symmetrical upload and download speeds** support seamless real-time collaboration and hassle-free data transfers.
- **Scalable architecture** means your bandwidth needs will never outgrow network capacity.
- **24/7 monitoring by Segra Network Operations Center** keeps everything in peak working order.

From Pennsylvania to New Mexico and Washington to Georgia, Segra keeps businesses of all sizes and industries connected with our future-ready fiber network that can accommodate speeds up to 400 Gbps.

Create Your Winning Technology Game Plan.

In addition to managed cloud solutions, Segra helps you design a winning technology game plan for your business to get connected, remain secure and facilitate communication.

RELIABLE CONNECTIVITY

Get fast, reliable business internet on Segra's expansive fiber network footprint.

FORTIFIED CYBERSECURITY

Protect your network and data with advanced threat detection and intelligent defense solutions.

POWERFUL VOICE

Bring together voice and data solutions across multiple platforms.

Why Segra?

At Segra, we understand that winning in today's business landscape requires more than just technology – it requires a strategic connectivity game plan, relentless agility and innovation, and a human touch.

We invest in our customers, our network and our people to deliver exceptional connectivity solutions and customer service that empower businesses to thrive.

Our local-market operating model means your whole team – from sales to network engineering to customer support – are all living and working in the communities they serve.

Winning Solutions That Get You More
